

Directors,

Thank you for agreeing to participate in the Alabama ACDA Choral Honor Society. This is a work in progress, so any input you may have will be greatly appreciated!! Feel free to add things that will make this work in your school! Here are a couple of thoughts...

1. For the first year that you have a chapter require seniors to only earn 10 points for induction into the Honor Society.
2. I am attaching the point form we use, but feel free to come up with your own.
3. All activities need to be signed by the sponsor. If they are done outside of your presence we have them bring a note from wherever they did their activity. It is very informal. They then staple it to their point form.
4. We keep a folder for every student in the choir room. Students deposit their point forms in their folder and twice a semester the officers check how many points each person has and lets them know.
5. If your officers are great you have to do little to nothing to make this work!!

I wanted to create this to help our students have an extra leg up on their peers when applying for college. They need to be recognized for all of their hard work. This is NOT meant to apply to every choral student. This is for the students who go above and beyond. The point system needs to be attainable, but not easy.

Rachel Smith at Pinson High School will be the contact person for the Alabama Choral Honor Society. She will take care of getting you certificates for your chapter and for students being inducted. All names of students being inducted must be submitted to Mrs. Smith by April 1st in order for certificates to reach you before spring concerts.

Once again, please let me know if you have any questions!

Thanks!
